

Gamlen CA 1

Description

Gamlen CA 1 is a multi-purpose water-based cleaner degreaser. It is a liquid alkaline compound containing biodegradable wetting and surface active agents and detergents.

Applications

Cleaning of hard surfaces soiled with mineral, vegetable, animal oils and dirt. Suitable for use on metal, plastic, vinyl, rubber, concrete, and most painted surfaces.

Advantages

1. Powerful oil and grease remover
2. Wide application range
3. Fast penetration and action
4. Rapid rinsing and drying
5. Leaves grease-free surface
6. Strong detergent power
7. Low toxicity
8. Non-flammable

Method of Use

1. Depending on state and nature of soiling, use a solution of 10% to 30% Gamlen CA 1 with fresh water.
2. A hot water solution should be used, where possible, to give the best results.
3. Apply solution by brush, mop or spray to the surface, to be cleaned.
4. Allow 15-30 minutes for penetration time, where possible. Do not allow the product to dry on the surface otherwise an insoluble deposit may be formed.
5. Rinse surface thoroughly with water.
6. For very heavy soiling and stubborn deposits, use product full strength, scrubbing with a brush to help removal.

NOTE: If required, solutions may be made with salt water. Dosage amounts should be 1½ times greater than the amount required with fresh water.

Safety and Handling

1. Do not swallow or inhale and avoid contact with skin and eyes.
2. Rubber gloves, safety goggles and protective clothing should be worn.
3. In case of skin contact, rinse thoroughly with water. In case of eye contact, flush copiously with water seek medical advice.

REFER TO MATERIAL SAFETY DATA SHEET BEFORE USE.

Technical Information

Appearance:	Clear liquid
pH (1%):	11.5 to 12.0
Specific gravity:	1.10 to 1.13
Corrosive action:	None on cement, asphalt, ceramic tiles, vinyl or most metal surfaces. When used as directed, the product should satisfy themselves as to the suitability for use on any particular paint schemes.
Toxicity:	Emits no Toxic Fumes of Vapours

These are typical values only and do not constitute a specification.

General Information

Chemetall (Australasia) Pty Ltd markets a wide range of chemical products and associated equipment for cleaning, descaling, paint removal, metal protection and non-destructive testing. Our sales representatives are available to advise on specific problems and applications.
