

PRODUCT FACT SHEET

**Dulux**<sup>®</sup>  
PROTECTIVE COATINGS

# DULUX<sup>®</sup> CONGARD<sup>®</sup>

The Single Pack Alkyd Primer-Finish

# DULUX® CONGARD®

Congard® is a cost-effective single pack quick dry alkyd primer and topcoat all in one. Congard® is ideal where production time is critical. The rust inhibitive zinc phosphate pigment in the formulation provides corrosion protection in mild environments. A single coat of 75 microns is usually sufficient to provide full opacity and an aesthetically pleasing finish.

## USES

Single coat primer finish on internal steelwork in mild, dry environments. Typical areas of application include internal structural frames and trusses for factories and warehouses. Also used on rail cars, farm machinery and shipping containers.

## FEATURES

- Excellent spray application
- Contains Zinc Phosphate corrosion-inhibitive pigment
- Rapid drying, self priming topcoat
- Designed for power tool cleaned surfaces
- Available in pastel colours, Golden Yellow, & MTO Factory packaged colours

## BENEFITS

- Inhibitive corrosion protection
- Minimal surface preparation required
- Very fast turnaround time

## PERFORMANCE GUIDE

Weatherability	Internal and mild external environments. Will chalk on UV exposure
Heat Resistance	Up to 65°C dry heat
Water Resistance	Resists rain and condensation
Abrasion Resistance	Good
Solvent Resistance	Resists mild solvents
Acid Resistance	Not recommended
Alkali Resistance	Not recommended
Salt Resistance	Excellent
Standards & Tests	N/A

## APPLICATION

Spray, brush and roller
