PROTECTIVE COATINGS

# DULUX<sup>®</sup> EPIGLOSS<sup>®</sup> 4 FINISH

The High Epoxy Finish

# DULUX® EPIGLOSS® 4 FINISH

EPIGLOSS® 4 Finish is a high gloss, high durability two-pack epoxy finish. EPIGLOSS® 4 Finish provides a high gloss, easily cleaned and taint free surface in areas with high hygiene requirements. This hard and chemical resistant coating is recommended in areas of high wear and tear, and will withstand aggressive chemical exposure.

## USES

EPIGLOSS® 4 Finish is recommended for the protection of plant in most chemical, industrial and petrochemical environments, including alumina refineries, paper mills, oil refineries, food, beverage and pharmaceutical plants, abattoirs and canneries. EPIGLOSS® 4 Finish is also a versatile maintenance coating for machinery, process equipment, food manufacturing areas, bottling lines, canteens and amenity blocks and laboratories.

## FEATURES

- Withstands severe chemical and marine exposures
- Extensively tested for chemical resistance to a wide range of chemicals
- Tough, abrasion resistant finish
- Suitable for contact with foodstuffs
- Isocyanate free
- Smooth gloss finish

## BENEFITS

- Easy to apply – can be sprayed on site
- Will not taint food
- Easy to clean

## PERFORMANCE GUIDE

Weatherability	Will yellow with time. Will chalk on exterior exposure.
Heat Resistance	Up to 120°C dry heat
Water Resistance	Excellent resistance to fresh and salt water. Not suitable for immersion
Abrasion Resistance	Excellent
Solvent Resistance	Resists most solvents
Acid Resistance	Good
Alkali Resistance	Excellent
Salt Resistance	Excellent
Standards & Tests	AS/NZS 3750.10

## APPLICATION

Brush, roller, conventional, airless spray, air assisted spray or HVLP
