PROTECTIVE COATINGS

# DULUX<sup>®</sup> LUXAFLOOR<sup>®</sup> CP

The Clear Urethane Floor Coating

# DULUX® LUXAFLOOR® CP

Luxafloor® CP is a high performance, moisture curing, non-yellowing, single pack clear urethane finish for brush or roller application to concrete floors.

When applied to diamond ground concrete, LUXAFLOOR® CP enhances the aggregate particles in the floor, imparting a contemporary “polished concrete” look that also protects against staining from spills.

## USES

Typical applications include shop floors, paths, showrooms, cafes and other areas where a polished concrete look is desired.

## FEATURES

- Suitable for interior and exterior use
- Medium build clear polyurethane finish
- Both gloss and low sheen finish available
- Non-yellowing
- Single pack
- Brush and roller application

## BENEFITS

- Ease of use ensures a more aesthetically pleasing finish
- Single pack reduces mixing times
- Concrete is sealed and protected against stains

## PERFORMANCE GUIDE

Weatherability	Very good
Heat Resistance	Up to 120°C dry heat
Water Resistance	Very good. Not intended for immersion
Abrasion Resistance	Good when fully cured
Solvent Resistance	Very good resistance to splash and spillage of aromatic and aliphatic hydrocarbon solvents and alcohols
Acid Resistance	Excellent resistance to mild acids
Alkali Resistance	Good
Salt Resistance	Excellent
Standards & Tests	Luxafloor® CP Gloss with Luxafloor® Aggregate Stir in Fine - slip rating R11 Luxafloor® CP Low Sheen with Luxafloor® Aggregate Stir in Fine - slip rating R10

## APPLICATION

Brush, roller, conventional spray and airless spray.
