

PRODUCT FACT SHEET

DULUX[®] LUXAFLOOR[®] PTX

The Polyurethane Floor Coating

DULUX® LUXAFLOOR® PTX

Luxafloor PTX is a heavy duty gloss two pack polyurethane floor coating for exterior concrete floors. Luxafloor PTX has excellent UV resistance, durability and chemical resistance. Luxafloor PTX is ideal for floors that extend to areas exposed to UV. Luxafloor Aggregates can be incorporated into the coating system for areas requiring slip resistance.

USES

Luxafloor PTX is suitable for interior and exterior concrete floors of aircraft hangars, educational facilities, loading bays, public spaces, shopping centres, sports complexes warehouses and workshops. The range of colours available allows floor area demarcation for pedestrian and vehicular areas to improve traffic management and safety. Luxafloor PTX is also ideal for car parks of arts centres, high rise buildings, shopping centres and sports complexes.

FEATURES

- Easy to apply with brush or roller
- Available in all the colours on the Luxafloor Colour Chart
- Smooth gloss finish
- Seamless continuous flooring from interior to exterior areas

BENEFITS

- Design flexibility
- Improved visibility and safety and aesthetic appeal
- increased slip resistance for improved safety where required

PERFORMANCE GUIDE

Weatherability	Excellent gloss and colour retention
Heat Resistance	Up to 120°C dry heat
Water Resistance	Excellent resistance to fresh and salt water
Abrasion Resistance	Excellent
Solvent Resistance	Resists most solvents
Acid Resistance	Excellent
Alkali Resistance	Very good
Salt Resistance	Excellent
Slip rating AS4586	Luxafloor PTX with Luxafloor Aggregate Stir in Coarse – slip rating R10 Luxafloor PTX with Luxafloor Aggregate Broadcast No.36 – slip rating R12

APPLICATION

Spray, brush and roller
