PROTECTIVE COATINGS

# DULUX<sup>®</sup> QUANTUM<sup>®</sup> FX

The Sparkling Metallic Polyurethane

# DULUX® QUANTUM® FX

Quantum® FX is a premium quality, sparkling metallic two – pack polyurethane, designed for exceptional visual impact and durability. The Quantum® FX range includes two metallic grades and a wide range of brilliant colours. Quantum® FX has an elegant satin finish with very good weathering resistance and gloss retention. The optional Quantum® Clearcoat seals the surface for a very high gloss, “wet look” that highlights the metallic sparkle. Quantum® Clearcoat also greatly enhances the graffiti-resistance and UV resistance of Quantum® FX.

## USES

Specifically designed for areas of high public scrutiny, Quantum® FX is perfect for entrance areas, foyers, canopies, awnings, columns, panelling, structural steel, screens, lifts and furniture in galleries, cafes, shopping centres, sporting complexes and public spaces.

## FEATURES

- Range of brilliant metallic colours in two grades – Fine and Coarse
- Semi gloss finish highly resistant to marring or marking
- Optional clear high gloss topcoat for enhanced protection
- High performance durability for interior and exterior use
- Excellent graffiti resistance - wipe clean with graffiti cleaners

## BENEFITS

- High durability for lower maintenance requirements
- Keeps assets free of graffiti and maintains asset value

## PERFORMANCE GUIDE
