# Luxafloor<sup>®</sup> HSG

High Solids Gloss Epoxy For Concrete Floors

## Luxafloor® HSG

LUXAFLOOR® HSG (High Solids Gloss) is a high gloss two-pack epoxy for coating concrete floors. It is high build, making it an ideal choice for coating floors that are subject to heavy traffic.

LUXAFLOOR® HSG comes in tint-able bases and is available in a large range of colours using the Dulux COLORFAST™ tint system.

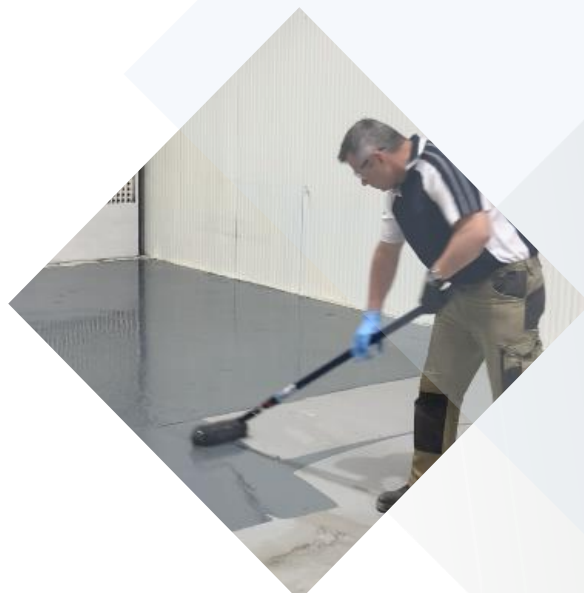

LUXAFLOOR® HSG is ideal for interior flooring applications where a high gloss finish is required. Recommended application areas include warehouses, retail areas, showrooms, and manufacturing facilities.

### Features

- Very high gloss finish
- Ideal for interior areas subject to high wear
- Easy to apply – good flow out
- Tint-able – available in a large range of colours
- Excellent chemical resistance

### Application

Brush and roller application

### Product overview

Chemistry	Epoxy
Product type	High Solids Topcoat
Volume solids	88% (white)
VOC level	<100 g/L (white, untinted)
Recommended dry film thickness (per coat)	100 µm (Spread rate of 8.8M <sup>2</sup> /L)
Abrasion resistance	Excellent when fully cured
Chemical resistance	Excellent*

\*Please see the Product Data Sheet on our website for more detailed information including a chemical resistance table
